### Warnings (9) · [Hide all warnings](#) · [Show all warnings](#)

- ☒ The `type` attribute is unnecessary for JavaScript resources. (3)
- ☒ Section lacks heading. Consider using `h2` - `h6` elements to add identifying headings to all sections, or else use a `div` element instead for any cases where no heading is needed. (3)
- ☒ Consider using the `h1` element as a top-level heading only (all `h1` elements are treated as top-level headings by many screen readers and other tools).
- ☒ Article lacks heading. Consider using `h2` - `h6` elements to add identifying headings to all articles.
- ☒ Possible misuse of `aria-label`. (If you disagree with this warning, file an issue report or send e-mail to [www-validator@w3.org](mailto:www-validator@w3.org).)

## Image report

The `img` elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

### Images with textual alternative

The following images have textual alternatives. Please review that the textual alternatives make sense considering the purpose of the image in the context of the page and that phrases like "Image of ..." are avoided.

Note that iconic images that are redundant with text next to them or purely decorative should have `alt=""` instead.
